

Clinical Reference Group: Terms of Reference (revised June 2016)

Preamble

The Clinical Reference Group (CRG) comprises key clinicians who will provide input into the clinical operations of the project, oversight of individual abnormal results and a key dissemination outlet to professional organisations.

Meetings and Membership

Meeting at least once a year, by tele-/video-conferencing or face-to-face, the CRG will be Chaired by A/Prof Joseph Tam. Meetings will be minuted.

The CRG currently comprises:

1. A/Prof Joseph Tam, Director School of Rural Health Latrobe Valley Monash University / Director Department of Paediatrics, Latrobe Regional Hospital
2. Ms Angela Scully, Head of Child & Maternal Health Services, Latrobe Regional Hospital
3. Clinical Associate Professor Alistair Wright, Consultant Physician (Latrobe Regional Hospital) and Clinical Dean, School of Rural Health
4. Dr Fred Edwards, Latrobe Valley general practitioner
5. Dr Ian Webb, Latrobe Valley general practitioner
6. Associate Professor Paul Lee, Consultant Psychiatrist, Latrobe Regional Hospital
7. Dr Jo McCubbin, Paediatrician, Sale
8. Dr David Monash, General Practitioner, Sale
9. Prof Andrew Tonkin, School of Public Health & Preventive Medicine, Monash University
10. Dr Ryan Hoy, School of Public Health & Preventive Medicine, Monash University

Terms of Reference

The specific roles of the CRG are to:

1. Advise on clinical fieldwork for the project.
2. Provide guidance on linkage of relevant local healthcare data.
3. Establish a process for dealing with abnormal results for individual participants.
4. Disseminate the findings to professional organisations.
